

## **Akron Bar Association**

### **List of Members' Non-Profit Board Service**

#### **Law Week 2010**

Attorneys provide impressive volunteer service within our community. Attorney leadership and dedication touches almost every school, university, civic organization, community agency and religious group.

In this first, formal recognition of attorney service in the non-profit arena, we focused on service on Boards of Trustees and Boards of Directors. Sadly, we know that we missed many outstanding Attorneys. Further, we know that we did not begin to address the outstanding service provided by Attorneys who chair the twenty-one committees and twelve sections of the Akron Bar Association, as well as those who chair school, religious and community-based committees. Finally, we did not spotlight the tremendous service of the many active members who are the heart-and-soul of each of the committees, sections, schools, universities, civic organizations, community agencies and religious groups. We congratulate and thank each of you!
